

Return to Innocence

MAGDALENE CODES OF THE SOLAR CHRISTED FEMININE

You are warmly invited to join us for two magical weekends to receive a depth of healing that supports you to discover the gift that the Magdalene lineage holds for you!

Facilitated by Kaliana Raphael Rose

LEVEL 1 - Sat 3rd & Sun 4th July

LEVEL TWO – Sat 14th & Sun 15th August

- * Resurrect the Christed Feminine, igniting the Magdalene Flame within.
- * Connect to the Sacred Wisdom teachings of the Magdalene lineage.
- * Restore the innocence of sexuality.
- * Prepare the body and the DNA structure to embody the Christ Consciousness.

You may ask - Why is Mary Magdalene important now and what does connecting to her mean in my life?

Mary Magdalene is considered by many to be the Grail, a portal to the Greater Mysteries of the Inner Christos, the Teachings of the Sacred Feminine and the Alchemy of Divine Union. She is the avatar of the Kundalini, the precious link between our spirituality and our sexuality. She represents the Divine Sophia Wisdom... the Christed Feminine within all of us.

With the denial of the integral role of the Divine Feminine in Christ consciousness we have not embodied the full teachings. It is only through the re-instatement of the Divine Feminine to her rightful place among the Spiritual Hierarchy, that we, each and every one of us, become living models of the Christ Consciousness-Divine Love in Expression. As we heal together the distortions that have surrounded her life, and honour her name again, we reclaim the the legacy of the Magdalene lineage... and claim our Return to Innocence. This is the final healing of the primal wound that has long left us feeling lost and separated for untold eons.

Further information on the *Return to Innocence* workshops:

Your facilitator for this magical healing journey is Kaliana Raphael Rose - a Divine Mother Emissary, who carries the mantle of grace and love through over 20 years of loving service as a rainbow bridge between the Divine Feminine, the Angels and humanity. Teaching in Australia and overseas, she has illuminated pathways for many people, allowing them to see, and hold, the highest manifest version of themselves. She offers a series of 'Blessing Way Journeys' to attune you to the Presence of the Christ within, through meditation, vibrational essences, movement to release and clear limiting beliefs, singing the chakras and heart songs in the Universal Language of Light.

Over-lighted by the Divine Mother Ray, Kaliana has brought through the Magdalene Codes of the Solar Christed Feminine - a series of 22 interdimensional golden codes from the 9th dimension which assist us to embody through our chakras and endocrine glands the highest teachings of the Christed Feminine. Over the two weekends these codes in combination with a variety of gem and flower elixirs, balms and sacred songs, will help to prepare the body and the DNA structure to embody the Christ Consciousness.

Many beings, down through the ages, have returned to remind us of our intrinsic divinity, our eternal, indelible connection to the wholeness that first breathed life into being. Mary Magdalene and her beloved Divine Counterpart Jesus Christ, were two such beings, both star-born of royal lineage, descended from a race of Star Elders pulsed through sets of interdimensional star gates that have come to be known by many as the Holy Grail. They came, like others before, and since, to re-cast humanity in the original mold, or pattern of the Angelic Human, to remind us of our long-forgotten origins, Sacred Contracts, true purpose for being; to reassemble the broken pieces of our DNA, to remember the Spiritual Art and Science of Dimensional Ascension, to live in harmony with all expressions of Creator, to fulfill our evolutionary destinies, to re-learn the true meaning of freedom, and of love.

Come and join us for a depth of healing that supports you to discover and receive the gift that the Magdalene lineage holds for you for the embodiment of Christ Consciousness.

Testimonials:

Not just another workshop but a very real and immediate healing experience of the role of the feminine (through the Magdalene codes) on a personal and collective level . . . **Janette James**

A very empowering workshop to reclaim your feminine power and integrate wholeness . . . **Leila Esber**

Kaliana's workshops are exquisite balm for the soul – She has a treasure chest to share of beautiful and nourishing songs, essences, creams and illustrated encodes cards that are designed to work their magic synergistically and have been painstakingly brought into being by her from the higher realms to help us on our spiritual paths – seeing and feeling clearly.

Don't wait to take advantage of Kaliana's gifts – we've all waited too long already. . . **Kalimamba**

I have attended several of Kaliana's workshops. My husband and I participated in 'Healing the Separation', Magdalene codes of the Solar Christed Feminine level one and two. Each workshop brought a deeper understanding of self, wounds and core beliefs that needed looking at. It didn't just gift me that awareness, but offered me tools and the space to shift them. After participating in these 3 workshops, I can see how each was a golden step in the ladder of my inner connection. They interrelate, in my opinion, they build on each other. I would encourage anyone to do them all. The less wounds we hang on to, the more space we allow for being, and everything we wish for is everything we are: joy, calmness, balance, prosperity, unconditional love...without the illusion of our fears..... **Viviana Perez**
